

Reviews for Elissa Heyman

I attended 2 workshops held by Elissa. I found her workshops to be fun, interactive and supportive. I walked away with a greater understanding of myself and more trust in my intuition. I look forward to attending another workshop in the future. Thanks Elissa! K, Santa Fe

"Elissa held a circle workshop for our group of sorority sisters visiting Santa Fe for a reunion. We women have known each other since the mid-seventies, and have quite a bond. Elissa was able to bring us even closer together by sharing her unique healing techniques, insights, and intuitive card readings. We experienced a group reading using OH cards that was amazingly accurate and full of hope. Thank you Elissa" K, MD

Thanks again for facilitating the wonderful healing circle on Saturday. I am very fortunate to have come across your brochure. I thought the format was awesome and I really do love how we attract the right people at the right time. I felt a high level of resonance with everyone in the group and I benefited from their readings as well as my own. I got a lot from these two hours. --Sophia, Oregon

"A good friend of mine recommended that I contact Elissa to get some help with questions and concerns I was having about a health condition. I have consulted with Elissa twice now and I have found her to be very insightful, informative and direct. She offered me a way of understanding what is going on in my life that validated my own gut feelings and also provided me with a sense of optimism and hope. I felt very helped by her good work. I had a wonderful phone session with Elissa. She was recommended to me by someone who has worked closely with her for many years, and I was not disappointed. Elissa was warm, grounding, attuned both to me and my questions. Several weeks later, I am still mulling over our conversation and benefiting from her insight. I look forward to working with her again.

"Thanks Elissa. I'm really glad I went to see you. That was honestly one of the few times in my life I felt half way understood by another person. I've gained a lot of insight and confirmation of my own instincts from this." A.Z.,
